The Indian Electric Co.

<https://www.indiamart.com/theindianelectric/>

The Indian Electric Co. envisages sustained growth in field of our business interest by being customer focused, accepting and overcoming the challenges of market dynamics to be a leader.

About Us

Founded in the year of **1960**, we **The Indian Electric Co.** are a highly recognized organization of the industry involved in **Distributing, Trading and providing Rewinding Service** to a broad assortment of best quality Electric Motors. In our commendable array of products, we are offering **Siemens Motors, Crompton Motors and Bharat Bijlee Motors**. Our provided products are manufactured by taking only optimum quality components at an ultra-modern processing unit at our vendor end. These products are highly demanded by the customers for their best quality, durability and high performance. These offered products are used in various electronic fields. We are procuring these offered arrays from trusted vendors of the market. These vendors are designing the offered products to follow industry norms and standards. With the help and support of our vendors, we are able to deliver the offered products on time. We have a team of highly qualified and skilled professionals to handle our business related tasks. Under the constant supervision of our mentor **Mr. Uday Ghodke**, we have been able to achieve such a distinct position in this domain. Due to his motivation and valuable direction, we have attained a huge number of clients across the nation.
