About Us

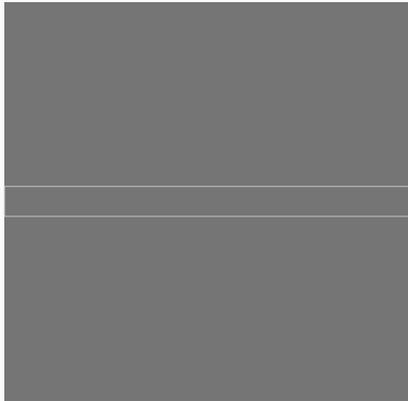

Think is a unique & highly experience financial advisory and wealth management firm founded in April 2002 with the object of providing best in class advisory services to its clients. We are committed to providing trusted advice with exceptional personal service for private corporations, charitable organizations, societies and high net worth individuals. Today Think is one of the largest Independent financial advisory firms in India. At Think we believe that a sound financial plan is fundamental to achieving your life's goals and enhancing your quality of life. It is a systematic and disciplined process, to be pursued over the long term. For us it begins with listening to our clients, understanding their current financial profile, long-term financial goals, and creating a financial plan that best meets their needs. Think is a wealth management firm that truly has its clients interest at heart. We go well beyond traditional services associated with wealth management firms. We provide fully integrated approach to financial, Estate Planning, Investment Consulting & Management. Think's deep understanding of finance and its ability to extract meaningful information and provide suitable solution helps in maximizing the function of treasury. The use of latest technology and software helps us to serve our esteem clients in the most accurate and reliable way.
