## About Us

Tikona Infinet Limited was established in the year 2012. Tikona Digital Networks (TDN) offers secured wireless broadband services to home and enterprise customers in top 25 cities of India. TDN possesses an all India Class-A ISP license granted by the Ministry of Communications, Govt. of India. TDN envisions a powerful Broadband-enabled India and will make all possible contribution to make this happen. TDN would also be building a comprehensive services framework that can deliver leading edge voice, video, IT applications and multimedia content services over any broadband or IP-centric network. Such a framework can be recreated by us for global internet service providers, who desire to offer next generation services to their customers. We have engaged the best-in-class technology partners to build the required capability frameworks. Innovation is our driving force and we create environment for the young talent in our company to conceive and incubate new ideas in order to develop and deliver useful services and solutions for our customers, thereby sustaining our competitive advantages.
