Provider of the process service green globe service etc.
About Us

TPL is a wholly owned Indian subsidiary of SIMS Recycling Solutions. SIMS group is a USD 8.0 billion corporation having facilities in over 200 locations across the globe. (www.SIMS-group.com). Pioneers in the area of metals and e-waste management solutions, SIMS /TPL partner with many multinational organizations contributing to their corporate social responsibility goals for a eco friendly e-waste management.

SIMS works with its clients to establish the best routes for the recovery and recycling of a range of business and consumer products. Our processes are designed to understand how best to utilize the resources of redundant electrical and electronic equipment through its direct refurbishment and reuse or the recovery of the materials it contains.
