Translational Research Institute Of Molecular Sciences

<https://www.indiamart.com/translational-research-institute/>

Translational Research Institute of Molecular Sciences is established with an intention to allow the basic scientists (in the laboratory and clinical scientists (doctors in the hospital) to work in close coordination.

About Us

Translational Research Institute of Molecular Sciences is established with an intention to allow the basic scientists (in the laboratory and clinical scientists (doctors in the hospital) to work in close coordination. This mutually beneficial liaison will help allow the benefit of the research results in the laboratory applied / translated clinically for the benefit of the patient with minimal delay. In addition, this will foster close interaction between the specialists of both fields with the ultimate interest of the patient.
