About Us

Delhi's third generation constructors

1950s Starting in early 50's, the Trehan Group has executed prestigious projects for CPWD, DDA, PWD in Delhi and NCR. The group was amongst the chosen few in the field of construction to work upon the skyline of the newly formed capital city of India. Right from the start the group envisioned the value of functional and sustainable real estate developments. Its early portfolio encompasses renowned contracts and development ventures which today are the key landmarks of Delhi.

1980s In the late 70's, under the leadership of Mr. J.K. Trehan, Alumni of Delhi college of engineering and a highly qualified technocrat the group diversified its operations into the private sector. It executed super specialty real estate developments utilizing its strengths of modern techniques, advanced designs and international management systems.
