About Us

We introduce ourselves as one of the leading distributor of auto spare parts, having widest range of two wheeler. We are serving the auto spare parts accessories since 1998. Our company was founded by A.V. Ulahanan alias Thankachan and Sasi vayalal, a well known figure of automobile market, specialized in two wheeler spares and accessories. Our company deals with spare parts of all type of two wheeler companies. Our company expanded the range of products and their network through out Kerala. We are also offering door delivery service to customer through our own vehicle for this we have more than 10 delivery van. We are the leading dealer in automobile market in Kerala. Our endeavour to supply our quality products at most reasonable prices. Our products are source from well known manufactures who are maintaining quality products. All our products undergo strict and thorough quality control checks. Our latest price list cum order book has a new look, which helps the customer to identify the product easily and order spares correctly. Quality up gradation and new product searching being a continuous process at our quality department and we are committed to give what market demands. Our basic marketing strategy is to reach out to grass root level. We regularly organize garage owner (the ultimate decision maker) meet regularly.
