Trinity Energy Systems (P) Ltd

https://www.indiamart.com/trinity-energy-systems/

Manufacturer and retailer of empower meter, tiny pro meters, boss meter etc.
About Us

TRINITY ENERGY SYSTEMS PVT. LTD. was founded in 1993, with the aim of being an indigenous provider of state of the art equipment in power factor and power/energy management. The company has grown from strength to strength, and consistently focuses on product development to keep apace with the changing market requirements. Objective: * To provide efficient and cost effective solutions in power quality improvement. * To stress on independent research, and continuous product improvement. * To stay at the forefront of technology in all areas of activity. * To disseminate the knowledge gained on a continuous basis, and attempt to raise the existing standards in the field.
