## About Us

Tromboo Crafts Company Private Limited was established in year 2010. Kashmir has been famous for its Handicrafts for centuries. The Handicrafts are mainly exquisite and made with great expertise and hard work. The various arts have been passed on from generation to generation, which require great patience and dedication to learn. We believe in promoting the centuries old tradition of Kashmiri shawl weaving, carpet making and arts and craftsmanship. Kashmir Cottage Emporium has established a strong brand symbolizing exquisite quality that instills customer trust in an industry wrought by unethical claims and fly-by-night operators. Although the Tromboo family itself has been involved in this business for almost centuries, Kashmir Cottage Emporium has been incorporated just about 35 years ago. Over the years, the company has grown both in terms of revenue and retail outlets and they attribute this to quality of their goods and service. We offer wide range of items with latest color combinations, sizes and beauty which are beyond our explanation.
