Twinkle Chemi Lab Pvt. Ltd.

<https://www.indiamart.com/twinklechemilab/>

We are one of the trusted names in the field of manufacturing and supplying of quality chemicals for industrial and household purposes.

About Us

Twinkle Chemi Lab Pvt. Ltd. started **manufacturing and supplying** activity in the year **1985** and today it is one of the leading company specializing in the production of Fine **Chemicals** for the Pharmaceutical, Cosmetic, Food, Oil, Rubber, Plastic, Paint and Resin Industries. We are well positioned at Badlapur in Thane District, 60 Km. from Mumbai, in an authorized government industrial area in approved chemical zone. The strategic location gives an extra edge promoting the business and developing business contacts. Being in this location, we are facilitated with the well and timely supply of water and electricity. Moreover, we are provided with common effluent treatment plant which takes care of industrial waste and pollution, maintaining environment safety.

A well-equipped and well-ventilated warehouse is maintained by our industry in order to insure our products are in a good state. The warehouse is kept moisture proof and free from the damaging foreign particles. We have separate well-labeled chambers in the warehouse to categorize and store each product by its type. The packaging is done with utmost care to ensure that the chemical are delivered properly. For timely delivery, we have good transport facilities and we maintain good rapport with the transport agents to get better services from the agents. We also have agents to export the products all around the world.
