About Us

Located in Noida, UIC Aviatech is a leading manufacturer and supplier of Aircraft Refuellers , Ground Support Equipments and Other Steel fabricated and precision machined components. Our main aim has always been to continuously upgrade the fuelling technology and ground support equipment through strict quality control measures thereby providing sustained and reliable client service. Backed by an experience of 25 years, the company has gained technical expertise in the aircraft refueling technology and has demonstrated steady growth in the industry. Our production facility includes a 5400 sq. ft. sophisticated fabrication shop and a machine shop. The facility is equipped with the latest technology including to manufacture products of the highest quality standards. UIC Aviatech has always been recognized and appreciated for its quality and commitment. We are an ISO 9001: 2008 certified organization and have also been certified by The Director General of Aeronautical Quality Assurance (DGAQA), Petroleum and Explosives Safety Organization (PESO), and the Indian Oil Corporation.
