

Ultra Tech Engineers

<https://www.indiamart.com/ultratech-engineers-chennai/>

We are primarily mechanical designers. Latter we ventured into custom manufacturing of sheet metal guards, vending machines, dies, fixtures etc. Also offering reverse engineering services and 3D modeling services.

About Us

Ultra-tech Engineers was conceived as a Mechanical design firm. We provide quality design solutions to some of the prestigious clients in Chennai. We support our clients in varied domains such as press and mould tooling, sheet metal developments, SPM concepts, jigs and fixture design and other advanced simulation and design validations. Also we take up machining and fabrication projects.

We ventured into sheet metal developments and fabrications when one of our Australian clients asked us to prototype one of his concepts. From then on we are making manual vending machines of all types and sizes.

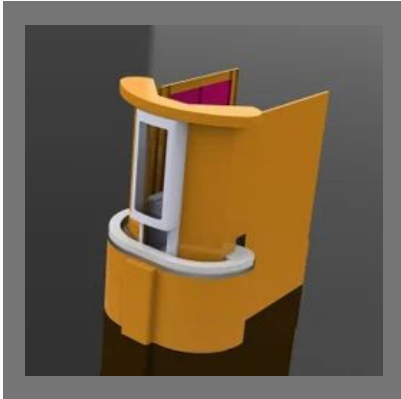

Apart from manufacturing vending machines, we design and manufacture enclosures, and sheet metal guards for special purpose machines, Industrial chiller towers, coffee vending machines, Electronic component enclosures, Electrical panel boards, SS kitchen accessories, Industrial Ovens and dust recovery systems, powder and paint finishing booths and other sheet metal works.
