## About Us

Unicare Ingredients (**An ISO 9001:2015 Certified Company**), headquartered in Mumbai is focused on domestic supply of chemicals to personal care, home care, health care, fabric care, food and pharmaceutical industry.

It is called Chemical House for Care Industry as the organization is indulged in supply of multiple chemicals like oleo-chemicals (vegetable based), petro-oils & waxes, organic compounds, flavours, fragrances, essential oils & botanical extracts to the target industry.

Unicare Ingredients enjoys prominent market presence all over India in each of the key raw materials consumed in Care Industry viz. **crude oil based petrochemicals, palm oil based oleochemicals and organic compounds.**

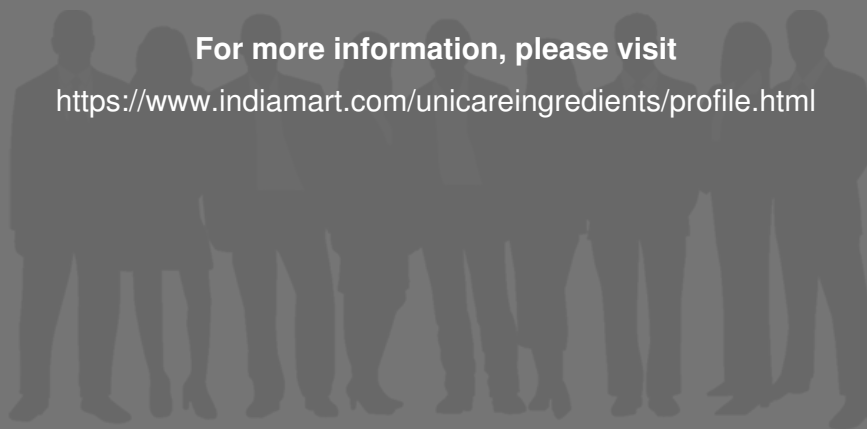

It is our belief that commitment and principles are foundation of a long lasting business relation. Unicare Ingredients has always been adhered to this belief and because of this, the company enjoys excellent industry credibility and wide domestic presence, trust & growth.

The organization has been established in the year 2017 with prime principle of offering quality products and timely services.

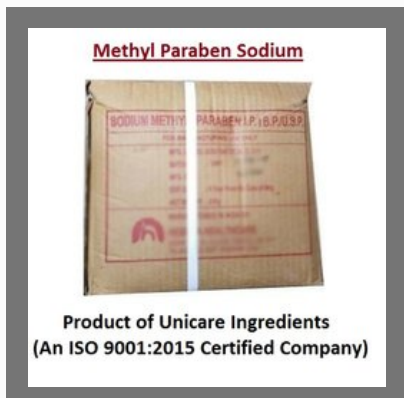

Unicare Ingredients has it's own **warehousing facility at Bhiwandi district of Thane, Maharashtra**; and major supplies take place from here. The packaging of these chemicals is in HDPE / MS barrels and HDPE / paper bags provided by manufacturer. The company also provides facility of bulk packaging supply i.e....
