About Us

Guru Ispat Limited is a Company formed in 1984, an upcoming conglomerate of a number of range of Light Engineering Stainless Steel Products introduced first time in India and perhaps in World too, each emerging as a high profile product by its own right. Guru Ispat is characterized by an efficient work force, latest International technology, exemplary product standards that emerge from the most stringent quality control tests, contemporary machines and system, professional management and a pioneering zeal that is constantly on the search for new breed of product. All this, synthesized into creating an indomitable spirit for excellence. The approaches are related to areas of national priority enveloping both industrial and consumer needs. Imbued with this spirit of enterprise Guru Ispat Ltd. pioneered the manufacture on thin, medium and thick gauge of varieties range of products as shown separately in the respective product catalogue first time in India. The company set up its latest and most sophisticated Plant with State-of-the-art technology at Kolkata (West Bengal), to produce different range of Products which matches any International Standard. Guru Ispat's philosophy is to bring to its Consumer the foremost technology relevant to its Product Range. It is a pioneering venture brought to India. Customer Service and satisfaction is the uppermost consideration for Guru Ispat Limited.
