<https://www.indiamart.com/unitedtyrekrfts/>

We are an organization, engaged in manufacturing an impeccable range of Hydraulic Quick Release Couplings to ISO 7241-A, ISO 7241-B, Flat face coupling, Screw Couplings, Trailer Brake, Breakaway Coupling, Multicoupling etc.

## About Us

Established in the year **1980**, we, “**United Tyrekrfts Pvt Ltd**”, have established ourselves as an eminent manufacturer of a broad array of Couplings Products, Trailer Brake, Metal Coupling, etc. We manufacture the whole range of products with the utilization of high-grade raw material that we acquired from the reliable vendors of the business sector. When these couplings are properly engineered and integrated into a flexible screw conveyor, it outperforms rigid screw conveyors, bucket elevators, drag chain conveyors, aero mechanical conveyors, and other equipment.

We have established a highly modern infrastructural set-up in order to manufacture the entire range of products. All our equipment and machines are regularly updated so as to match with the market trends and demands. Owing to all these factors, we have been able to be the foremost choice of our clients.

Our mentors, **Mr. P N Vaidyalingam**, have made every effort to carry forward the business operations to its heights. His able leadership and management skills with immense industry experience have supported us to stand at a front line in this domain.
