Universal Industrial Products

https://www.indiamart.com/universalindustrialproduct/

Manufacturers of Battery Chargers - Digital/ Analog controllers, SMPS-Power Supplies and DC-DC Converters, DCDB’s, Electroplating Sets and also Supervision and Installation and Commissioning Batteries and Battery Chargers.
About Us

Established in the year 1971, Universal Industrial Products is engaged in manufacturing, supplying and commissioning Battery Chargers-Digital/Analog Controllers, SMPS based Battery Chargers, DC-DC Converters & Power Supplies, DCDB’s, Plating Rectifiers, Traction Motor Load Testing Plant, APFC Panels & other Rectifier Equipment. The products are developed as per national norms and guidelines and are known for their reliability; due to conservative & fail safe design. The products we offer are designed to suit diverse individual needs like automatic voltage/current stability for input/output parameter variation, low ripple output, alarms for component failure and auto charge control. The major applications are - Battery charging, telecommunication, instrumentation, DC traction motor testing, switchgear control, emergency lighting and electroplating. Our team of dedicated Service engineers help us in rendering remarkable services for Commissioning, Testing & Installation contracts of D. C. Storage Batteries. The Quality Control team helps us to provide trouble free products to our esteemed clients.

Our quality assurance plans have been approved by firms like BARC, RDSO and Power Grid Corporation of India Ltd. We also offer facility of third party inspection to our customers through varied agencies including TUV Ltd., DNV, Rites, Engineers India Ltd.,....
