About Us

UnionSys Technologies initiating UST Academy which was established in 2012 by Mr.Salim Shaikh and recognized as a leader in training & development of Administrative Courses to empower IT Professionals.

We are offering Linux, Sun Solaris and Oracle 11g/12c DBA, Oracle 11g RAC, VMware Administration and Cloud Computing.

We are committed to provide high quality service with elevated level of students satisfaction.

UST Academy has just the right mix of technical skills and experience to provide real time knowledge to students. For this we are facilitating high end infrastructure while training & development.

Our success, especially in the world of intense competition, is because of our continuous hard work, dedication, and passion. We are passionate about what we do and we are driven to excel in every aspect of our business.

If you contact us today and sign up for an information packet we will even give you a 20% off discount on your first semester of learning here. Now seriously, who have you ever seen do that? I can answer that for you, no one. So what are you even waiting for? We will talk to you soon.
