Uttam Fabricators

<https://www.indiamart.com/uttamfabricators/>

Uttam Fabricators is an ISO 9001:2000 certified company, that manufactures material handling equipment. We are also a service provider of valuable services like mild steel structure, general fabrication and engineering fabrication.

About Us

Uttam Fabricators, established in 1984, is a leading manufacturer of a wide variety of material handling equipment and a service provider of heavy fabrication services including mild steel structure and general and engineering fabrication. Some of the equipment manufactured by includes vacuum drum filters, air receivers and pressure vessels, reactor clarifiers, ash handling systems, hydro power equipment and turbine parts.

We have been providing our products and services to esteemed clients for about 26 years. Naturally, our rich experience and long list of satisfied clientele makes us stand apart from the rest. Our technologically up-to-date manufacturing and fabrication facility in Ballabgarh, Haryana (India), covers over 15,000 (ACC) square feet, and is manned by over 50 dedicated employees who pay special attention to the quality of our equipment and services. Our R&D team is always working on improving our processes and innovating on our products to suit the requirements of our clients. The company is headed by our mentor, Mr. Nitin Breja, a respected figure in the industry with over 10 years of experience. It is due to his caliber and strength that we have been able to build a strong team and a reputable name for ourselves.

Our quality products and services are sought by leading companies in the thermal power, construction, sugar, steel and cement industries. We use the highest quality raw material such as aluminium, mild steel, iron...
