About Us

It gives me immense pleasure to introduce my company on behalf of my team. We as a team of "UTAM" take care to manufacture Valves conforming to most stringent controls. Our valves are designed to be user friendly, i.e. easy to install, operate, maintain and are safe. We provide efficient After Sales service to the complete satisfaction of our patrons. At UTAM we use latest technology like CAD CAM for designing, CNC machines, fully equipped laboratory, trained and motivated workforce. UTAM valves are suitable for controlling a wide variety of service fluids within the specified pressure ranges and working temperatures. UTAM has been bestowed with various Certifications like BIS, IBR and ISO:9001-2000. UTAM has approvals from big industrial users ,Government ,Semi-Government and Private Sector. We are regularly exporting to Sri Lanka, Bangladesh, Mauritius, Middle East, South African countries and even to USA . At UTAM, excellence is tradition. I, on behalf of my team, solicit your valuable suggestions & criticism to further improve our products & services.
