About Us

Since 1976, Vaiseshika Electron Devices has been a dynamic leader in the field of test and measuring instruments having specialization in the field of calibration standards. We offer a wide spectrum of reliable instruments pertaining temperature, pressure, force and resistance calibrations; analytical agri-electronics instruments; PC based data acquisition systems/loggers and optical instruments for material structure analysis. During the last 30 years, we have continuously added new instruments in our range of manufacturing. The state-of-the-art technologies have been incorporated in the production of our instruments. Materials like Manganin, ceramic, gold and platinum have been used to enhance the reliability and accuracy of the instruments and sensors employed therein. Highly qualified management and staff, world-class calibration reference standards and manufacturing facilities at our works at Ambala Cantt, spanning over an area of 50,000 square feet, back our commitment to industry, research and education. We have established strategic research and development alliances with eminent national research laboratories and universities viz. the Central Scientific Instruments Organization (CSIO) Chandigarh; the National Physical Laboratory (NPL) New Delhi; the Electronics Regional Test Laboratory (ERTL), New Delhi; the Electronics Test and Development Center (ETDC), Mohali: the Electronics Research and Development...

RESISTANCE CALIBRATION STANDARDS

High Stability Decade Megohm Box

Thumb Wheel Resistance Box

Portable Wheatstone Bridge

Air Cooled DC Shunt
OPTICAL INSTRUMENTS

Advance Digital Micro Vickers Hardness Tester

Advance Digital Universal Hardness Tester

Auto Turret Practical Micro Vickers Hardness Tester

Biological Microscope
TEST & MEASURING INSTRUMENTS

Digital Tachometer

Lux Meter

Tachometer

Portable Cable Locator
TEMPERATURE CALIBRATION STANDARDS

- Portable Temperature Indicator
- Universal Temperature Measuring
- Digital Thermocouple Calibrator
- Hand Held Digital Thermometers
FORCE CALIBRATION STANDARDS

Morehouse Precision Calibration Grade Load Cells

Morehouse General Purpose Calibration Load Cells

Brinell Calibrator

Proving Ring
OTHER PRODUCTS:

- Digital Pocket Conductivity Meter
- Ductor Tester, Kelvin Bridge and Micro-Ohm Meter Calibrator
- Brinell Hardness Tester
- Universal Pocket Calibrator
OTHER PRODUCTS:

- Digital Universal Humidity/Temperature Meter
- Hand Held Digital Thermo Hygrometer
- Pressure Calibrators
- Pressure Calibrator
