Demand for energy is rising with rapidly increasing Indian population. We “Vaishnavi Solar”are engaged in Trading and Integrating of range of Solar Power Systems.

About Us

Established in the year **2015** at **Vadodara (Gujarat, India)**, we “**Vaishnavi Solar**” are engaged in **Wholesale Trading and Retailing** an excellent quality range of **Rooftop System, Solar Water Pump, Solar Water Heater**, etc. We are a **Sole Proprietorship** firm and we source products from the reliable market vendors, which can be availed from us at reasonable prices.

Vaishnavi solar. is making a significant contribution to the environment and economy by harnessing the renewable solar energy & making it conveniently available for industrial and house hold consumption. Our team continuously strives to incorporate latest technology and innovative practices to serve our clients more efficiently.

We at Vaishnavi Solar provides cost effective solutions to our valued clients .Solar energy is a renewable energy source. This means that we cannot run out of solar energy, as opposed to non-renewable energy sources (e.g. fossil fuels, coal and nuclear).

Under the guidance of “**Mr. Vivek Jaimini**” (**Owner**), who holds profound knowledge and experience in this domain, we have been able to aptly satisfy our clients.
