About Us

VarNik system services (offshore support of Mass System Services Inc.) have teamed up to launch dedicated cloud to help you leverage the power of cloud computing. These facilities have been designed to the highest IT global standards using cutting-edge technologies. We build superior solutions that take the complexity out of the cloud. Our IT- friendly cloud services are secure, easy-to-use and ready to run high performance application. “We believe we’re moving out of the Ice Age, the Iron Age, the Industrial Age, the Information Age, to the participation age” We provide superior consulting services for managing the implementation of IT infrastructure services. VarNik has released its next generation backup and disaster recovery line. We are specialized in offering Business continuity solutions and mass storage system solutions for both domestic and international clients. We excel in Data center build outs, colo (colocation) enterprise servers, Mass storage systems, Oracle/MSSQL databases, Tape backup data replication, data compression, data de-duplication including multiple site disaster recovery solutions. We have collaboration with leading IT solution providers like IBM, HP, EMC, VMWARE, BROCADE etc... “Our virtual desktop will eradicate the hardware generation gap in your computer” We are in our emerging journey to bring cloud technology affordable to end users as “VarNik cloud”. Our Virtual desktop brings your...
