About Us

HD Enterprises Pvt. Ltd. & HD Microns are sister concerns. H.D. Enterprises Pvt. Ltd. is engaged in hydrous clay processing. While HD Microns Ltd has put up latest china Clay Beneficiation & Calcinations plant with inhouse R & D facilities. Looking to the growth of Paper, Paint, Ceramic industries in Gujarat & India we are ready to serve domestic as well as international markets. The HD Microns Ltd. plant is located at village Mamuara about 25 Kilometres from Bhuj. Bhuj is 350 Kilometres from Ahmedabad. Bhuj is growing town with all the infrastructure facilities such as schools, colleges, university etc. Bhuj is industrial capital of biggest district of (Gujarat) India. About 35000 crores of worth investment is in pipeline. Bhuj is well connected by road, rail, air and sea. We are having our own captive mine at Mamuara village with rich deposit of good quality of China Clay. Hence we can provide to the industries good quality of China Clay in quantity. Our water washed China Clay (Kaolin) is well received in the markets.
