## About Us

Venerate Solutions is led by a team of seasoned industry professionals and consultants who have worked with a gamut of technologies. We apply that experience as we work with our clients to deliver robust, yet flexible solutions on the Salesforce platform. We bring our expertise to integrate applications across Cloud based systems (Salesforce) to your on-premise applications (like ERP). We enable business solutions that enhance end-user experience and maximize productivity with the help of emerging and disruptive technologies such as SMAC architectures.

Our development team is composed of highly skilled and certified professionals with a deep understanding of the cloud landscape in India. We are well equipped to address challenges of IT organizations. Our strong industry knowledge and implementation experience in Sales Cloud and Service Cloud helps customers to increase their profitability and have better predictability in their businesses.

We invest time to understand our customer's Business/Project objectives and assist to formulate a solution strategy that delivers the best results. At Venerate Solutions, we build scalable products and services that resonate with our customers. Our main aim is to add value to businesses by enabling them to be more effective in the way they interact digitally.
