About Us

We have stepped into this domain with the rich functional experience and exposure acquired from this industry right through; clubbed with management and business skill sets that has contributed immensely towards our business development. Our experience in this industry is laid on the foundation that can be attributed to the basic qualities like operational management, achievement orientation, proactive approach, conceptualization, innovation, creativity, dedicated team effort, technical competency, logical approach & effective impromptu situation handling with specific thrust on relationship management. We provide an extensive range of services which stretch across such spectrum of activities associated with Event & Entertainment platforms among the Corporate and Social segments. Every event is analytically planned and tailored depending on the resources, theme, location and target audience; be it a product launch or a theme party to a designer wedding. We plan the assignment in details, a thorough understanding of the occasion & time-line. we record and create a unique storybook album which has glitter of moments, aroma of love, depth of feelings, sound of whispers & giggles, sanctity of rituals, for you to cherish and relive those moments in the rest of your life.
