About Us

Victoria Infosystems was established on the year of 2009. We are a leading Service provider of Silver Recovery Consultancy, Gold Recovery Consultancy, Copper Recovery Consultancy, Brass Recovery Consultancy, etc. We provide complete training, guidance and consultancy for the recovery of precious metals i.e. gold, silver, platinum and palladium from all kinds of electronic scrap (like computer mother boards, different kinds of processors, RAMs, hard drives, cellphones, and all other devices in which these precious metals are used). We will also guide you to recover base metals like copper, brass (an alloy), aluminium, tin etc. through different and easy methods.

E-waste (electronic waste) recycling has come up as a huge and rapidly growing industry all over the world. If you search on the internet, you will find a lot of people wanting e-waste. Many people world wide are keen to start this electronic waste recycling business. A great number of people search the web to find the right methods of recovering gold, silver and other precious metals.
