## About Us

**Vigilant** is a multi-faced security solution provider that boasts of a team of trained security personnel, dog squads, a detective agency strengthened by the expertise to install latest hi-tech security devices. Apart from trained security guards, we also provide attendants to look after buildings, offices, parking lots etc. We also provide digital security systems such as CCTV Camera, Video Door Phones, Alarm System, Access Control Systems and much more. We have Maharashtra Govt. Authorized advanced security training center to provide good service and ensures the growth of every employee. The training services includes fire fighting which includes identifying the types of fire, taking appropriate measure to control it and eventually extinguish it. Gate Control Measures is a very important aspect of training. It includes keeping records and checking of employees, visitors and materials. First Aid, telephone handling and interaction with local authorities including police are also a part of the training. We have a detective agency, run by a team of experienced ex-servicemen, that has successfully dealt with cases of fraud missing and absconding employees. We have also undertaken financial verification of individuals and parties and have done character verification of persons either employed or to be employed in sensitive positions. **VIGILANT** is a leading provider of a broad range of specialized products and services designed...
