Manufacturers & Suppliers of Wide Spectrum Scientific Laboratory Instruments ,

About Us

Success is a journey not a destination. Vijay Instruments Corp began with a young mind choosing the road less taken . In 1975, Vijay Instruments corp started as a sole proprietorship firm with Microscopes as a single product.

We initially started manufacturing compound microscopes, medical microscopes, travelling microscopes, dissecting microscopes, projectin microscopes, binocular microscopes. our products are well Known in the market by **our brand** name "**AMTECH INDIA**" for qulaity, precision & reliability.

The company which started with **manufacturing Microscopes**, in the year 1989 ventured into the manufacturing of physics and other lab instruments for educational institutions & research. Our goal is to exceed the expectations of our clients by offering high quality, cost effective & precision measuring instruments.

We have always kept the virtues of **high quality**, cost effectiveness, consumer need fulfillment, fair prices and fair trade practices uppermost in our minds.

Over the years, Vijay Instruments Corp grew in strength, thinking differently, harnessing the resources by laying a fundamental platform for financial strength and responding to customers innovatively by bringing in new products and services.

Vijay Instruments Corp , today offers manufacturing...

LABORATORY MODELS

Hydrogen Model

Oxygen Molecule Model

Sodium Ion Formation Model

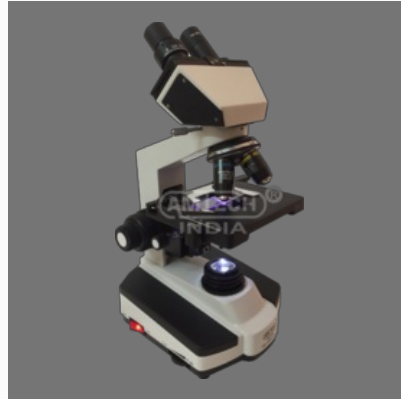

Hydrogen Molecule Model

MICROSCOPES

Monocular Microscope

Advanced Coaxial Binocular Microscope

Binocular Microscope

Student Compound Microscope

PHYSICS LAB INSTRUMENTS

Fly Wheel

Spectrometer

Optical Bench

Resistance Box

LABORATORY WARE

Tripod Stand

Bunsen Burner

Test Tube Stand Aluminum

Spirit Lamp

MICROSCOPES ACCESSORIES

Camera Lucida Prism Type

Mirror Type Camera Lucida

Dark Field Condenser

Phase Contrast Equipment

LABORATORY INSTRUMENTS

Digital Colorimeter

Digital Conductivity Meter

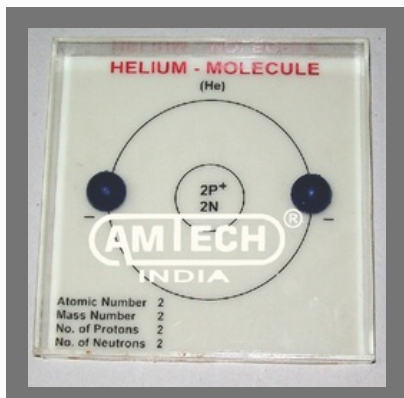

Digital PH Meter

Digital Turbidity Meter

OTHER PRODUCTS:

Helium Molecule Model

Dissecting Microscope

Hopes Apparatus

Universal Clamp

OTHER PRODUCTS:

Microscope Lamp

Digital Colony Counter

Bunsen Burner with Nossle

Bunsen Burner with Stopcock

Factsheet

Year of Establishment : 1975

Nature of Business : Manufacturer

Total Number of Employees : Upto 10 People
