PRESENT INDIAN SCENARIO:

The biotechnology and diagnostic industry in India is growing at a very high rate. With the spread of health consciousness and increasing awareness about diseases like Aids, Hepatitis, coagulation disorder, Infectious diseases etc. among the people of India and active action taken by the government in promoting community health, for instance, compulsory testing by blood banks for AIDS and Hepatitis, the potential of the diagnostic industry is quite encouraging. Big Diagnostics and Life Science Company from all over the world, finding the Indian market to be very attractive, have set up their operations in India. To name a few, Abbot, UBI, Ortho Diagnostics, Diasorin.

Diagnostica Stago, IL, Sysmex, Orgenics, Boehringer Mannheim, Innogenetics, Beckman Inc, Murex, Instar, Sigma, Biomerieux, Dade, Lab Systems, Human, DPC, Biorad, Applied biosystems, Qiagen, Amersham, Clontech, Invitrogen, NEB, Perkin Elmer, BD, Roche, Bio Rad, R & D Systems, Fermentas, Waters, etc are currently spreading their wings in the Indian market.
