About Us

Beginning modestly in 1983 as a Screen Printing Unit, after two decades of professional excellence, Vinod Group has grown as a full-fledged **textile processing house** with production capacity of more than about 30 million meters of fabric each year.

Vinod Group has also extended its roots by diversifying into Denim Manufacturing from 2009. Production capacity from Yarn Dyeing to packing of **denim fabric** is more than about 18 million meters annually.
