## About Us

Established in the year **1999**, we, **Vishal Chemical Industries**, is amongst the prominent manufacturers and suppliers of a wide range of **Industrial Chemicals**. We make use of latest technology to process our chemicals, which are widely appreciated for their purity, Eco-friendliness, non-toxicity and accurate composition.

Our organization is backed by a technologically advanced infrastructure facility that enables us to meet the increasing demand of our products in the market. We have installed special machines such as Reactors, Centrifuge Machines, Driers and Crystallizers, which enhance our production capacity. Moreover, stringent quality tests are conducted to check the formulation, ingredients, color and Eco-friendliness of the chemicals, thereby, assuring their optimum quality. We package our products in finest quality barrels and the powdered forms in HDPE woven bags, to ensure proper transit of products.

We have been continuously progressing under the able guidance of our mentor, **Mr. Mahesh Garg**, who holds rich industry experience and expertise in the concerned domain. Fruitful association with reliable and certified C&F agents, ensures safe delivery of chemicals at the clients end. Owing to our sheer dedication and ethical business practices, we have been successfully catering to the needs of a wide clientele across the country.
