Manufacturer of thermal spray coatings, fab alloys etc.

About Us

Established in the year 1996, at Vadodara, Gujarat, India, we “**Wearresist Technologies Private Limited**” are a company that was started by a group of technocrats. They have collective experience of more than three decades in the field of maintenance & repair activities of core sector industries like Power, Cement, Mining, Paper, Sugar and Oil Drilling industry in the country. Our business operations are led by **Mr. Pankaj Jain**, who has with him extensive experience in this industry sector. His visionary business approach as well as dedicated service support provided by our team allow us to successfully handle the emerging requirements of the core industries. Further, the experience of our team also allow us to deliver desired level of customization in the solutions offered. We introduced X'TRALIFE concept with the motto of "providing extra life to wear & tear prone components by making effective use of best available technology." Today, the compatible solutions delivered by us have resulted into improved machine availability as well as reduced shutdown costs for core sector industry. Further, our expertise in effectively utilizing breakthrough products & technologies also allow us to successfully offer solutions for fighting against the ravages of wear/tear as well as helping the industry to improve their bottom line. Presently, three of our divisions that serve this purpose include **Modular Product Division...**
