## About Us

We are a specialist web development company based in Patna, State of Bihar, India. Web Karkhana a leading web development company dedicated to providing powerful, manageable solutions to help bring business online. It's experienced consultants understand that simplicity - not just the latest technology - is a major factor in project success. It provides solutions that deliver results in an array of industries across the globe. It's customer-centric approach provides measurable benefits to the clients in improved quality, effective cost management and enhanced productivity. At Web Karkhana, we pride ourselves on continuously building a team that is based on a fundamental set of core values. We do not compromise on quality, and are driven and led by these values in everything we do, from the relationships and partnerships with our clients to those with our colleagues, partners, and recruits. We firmly believe that a core set of common values is a critical success factor for creating a world-class, focused and motivated team. Values define a shared vision, promote a common culture, foster respect, are the cornerstone of ethics and help sustain the business model for the long term, which is what we are all about, creating value for our clients and developing relationships for life.
