About Us

Weizmann Forex is a part of the INR 45 billion Weizmann Group, with business interests in textile manufacturing and exports, hydro and wind-power generation, as well as foreign exchange transactions and inward money transfer. Weizmann began its forex operations in 1993 with just four branches and over the years, have grown exponentially to become a leading player in the foreign exchange and remittance market. Today, our company has a pan-India network of over three hundred locations. Our considerable size, together with our meticulous track-record on compliance, has resulted in Weizmann Forex being upgraded by the Reserve Bank of India from Full Fledged Money Changer to the status of Authorised Dealer – Category II; a certification that permits us to undertake dealings in foreign exchange for a greater number of non-trade current account transactions. All this to the ultimate benefit of our customers.
