About Us

We “**Welding Equipments & Machines Company**” (**WEMCO**) are **trader** and **supplier** of **Welding Inverter, Welding Rectifier, Welding Machine, Welding Generator, Cutting Machine, Electrode Oven, Power Tools, Welding Cable, Welding Equipment**, etc.

It was many years ago that we started our journey of supplying welding and cutting equipments and now we established **Welding Equipments & Machines Company (WEMCO) in Northern Region**. We are the leading trader and supplier of the renowned brand, (**MEMCO**).

The satisfaction level of our clients can be seen with the repetitive orders that we receive continuously. We come up with a range which is high in quality and gives long lasting performance. We always try our best level to provide our patrons with superior quality machines at competitive market prices within the stipulated time frame. Cost efficiency, low maintenance cost, timely deliveries, and best services at all times are the reasons which justify our preference over others. Our products are supplied to various well known companies in India & Abroad. Keeping with a huge volume of machines at our firm, we have been able to meet the bulk requirements of the customers within stipulated time frame. In addition to this, we offer our product range in various technical specifications as per the detailed given by the customers.
