About Us

Located in the centre of Rajkot City, we provide total skin, hair and nail care solutions under one roof in a tranquil, healing and pampering environment. At White ink we believe that beautiful skin can be owned by everyone.

We combine a high level of technological know-how with artistic sensibilities. Our medical-grade treatments and state-of-the-art FDA approved technology ensure the safest and most effective treatments. Our approach to skin care is unique and personalized to you, providing an ideal combination of aesthetic and clinical care. Whenever required we investigate to find out the underlying problem and treat it. Our difference lies in the fact that we do not treat only the skin, but address the person as a whole. We thus deal with both the IN and OUT of you because we firmly believe that skincare, health and wellness are inseparable elements.
