Williamson Corp, Usa

https://www.indiamart.com/williamsoncorp/

We are a leading manufacturer of high-quality range of online infrared pyrometer for non contact temperature measurement application. These sensors are highly accredited in the market because of accuracy, easy installation and reliability.
About Us

Established in the year 1950, we, “Williamson Corp, USA”, are engaged in manufacturing, supplying and exporting a premium quality range of Temperature Pyrometer. Our products are highly appreciated in the market because of their wear & tear resistance, cost-effectiveness, reliability, dimensional accuracy and rust resistance. Owing to the quality of our products, these are extensively used in iron & steel industry, glass & ceramic and industrial heating among others. We are in the business of improving process control and quality of products through non-contact temperature measurement. Moreover, with the help of our widespread distribution network, we are able to offer our comprehensive line of industrial temperature sensors within the specified time period. The high-quality products that we offer to our clients have been manufactured by using advanced technology like Advanced Multi-wavelength Design with ESP Filters, Williamson’s Advanced Infrared Temperature Measurement Technology and Fiber Optics among others. These are in conformation with international quality standards. Our efficient R&D unit constantly engages in research work for improvisation and upgradation of our product range. ‘Mr. Avinash Bopche’ is our mentor, under whose proficient guidance, we have been able to reach a formidable stature in the industry. By incorporating his...
