

# W S Atkins India Private Limited

<https://www.indiamart.com/ws-atkins-india/>

Offering of civil engineering, heritage council mapping and design consultancy services.

## About Us

The original company, WS Atkins and Partners, was established in 1938 by Sir William Atkins in London. In its early years the company specialised in civil and structural engineering design. After the Second World War the services WS Atkins and Partners offered to clients grew to include specialist services in planning, engineering sciences, architecture and project management. Sir William Atkins was awarded the CBE in 1966 and he received a knighthood ten years later. He died in the autumn of 1989.
