<https://www.indiamart.com/yantra-engineering-surat/>

We are strongly positioned in the market as the trusted Manufacturer, Exporter and Supplier of Fabric Shearing Machines, Weft Butta Cutting Machines, Coning Machines, Soft Winder Machines, etc. These are known for their robust design and durability.

## About Us

Inaugurated in the year **2003**, we “**Yantra Engineering**” are the renowned **manufacturer, exporter and supplier** of a comprehensive array of **Fabric Shearing Machines, Weft Butta Cutting Machines, Coning Machines, Soft Winder Machines, Ring Doubler Machines, Hank Machines**, etc. These machines are designed & manufactured using the best grade raw material and advanced techniques in complete accordance with the set universal norms. The raw material that we use to manufacture these machines is procured from some of the trusted and dependable vendors of the industry. We offer the entire range in variegated options in order to meet the different requirements of customers. Moreover, these machines are customized as per the variegated demands of patrons. The offered range is appreciated for its excellent performance, corrosion resistance, minimum maintenance, rigid construction and long service life. Our offered machines are sternly checked by our quality auditors on different measures to ensure their zero manufacturing defects. We are exporting our products in all over the world.

Located at **Surat (Gujarat, India)**, we have constructed a hi-tech infrastructural base that sprawls over a wide area of land. In order to maintain the smooth work-flow, we have sectioned our infrastructure into variegated departments like manufacturing, quality testing, R&D, packaging, etc. Our manufacturing base is backed by the latest...
