360° consulting is a professionally managed firm, which assist SME segments to grow & improve their business performance. We achieve it by applying Innovative Process, Market Intelligence, Fresh Thinking.

About Us

360° consulting is a professionally managed firm, which assist SME segments to grow & improve their business performance. We achieve it by applying innovative process, market intelligence and fresh thinking. We are helping our clients to create competitive advantage and sustain superior performance. We wave together innovative advice, workable solutions and provide implementation support to enable our clients reach the pinnacle and stay there.

- Improving business performance
- Extensive Research
- Making development and implementation more sustainable.
- Assessing market potential and key trends.

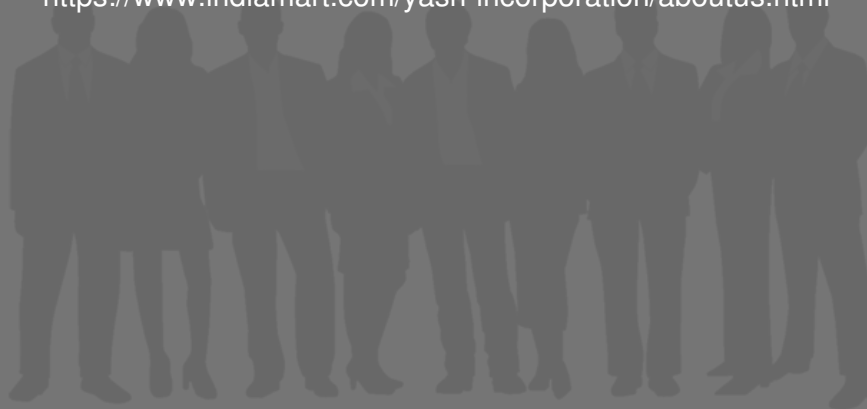

In everything we do, we are committed to creating value for our clients by:

- Working collaboratively with them
- Developing a deep understanding of their needs and aspirations
- Providing tailor – made solutions
- Being accessible and responsive

“Everyman, however wise, needs the advice of some sagacious friend in the affairs of life” – Plautus
The purposes pursued by our clients in availing our consultancy services include achieving organizational purposes and objectives, solving management and business problems, identifying and seizing new opportunities, enhancing learning and implementing changes. Our multidisciplinary team is skilled in change management, process improvement, procurement,...
