

Yoshika Engineering Private Limited

<https://www.indiamart.com/yoshika-engineeri-pune/>

Manufacturer of front wheel rim, rear wheel rim etc.

About Us

Established in 1986 at Chakan, Pune; the company was started with manufacturing of motorcycle wheel rims. These rims were of different types and sized for Bajaj Auto Ltd., LML, Kinetic Engineering Ltd. Company is managed by Mr. Kamlesh Shah, Managing Director who holds MS in Mechanical Engineering from Stanford University, USA and MBA from Columbia University, USA. He has wide range of experience in engineering, finance and marketing. Under his management the company has expanded into Nickel Chrome plating, Powder Coating, manufacturing of Sari Guards, Leg Guards and Handle bars for Pulsar and Discover motorcycles. For all these products, Yoshika is single source supplier to Bajaj Auto Ltd.; supplying zero defect components on just-in-time inventory system. Company supplies over 100,000 components of each type per month. Company has over 150 employees and is recipient of several quality awards. Revenue of the company for the year 2011-12 would be Rs.1.1billion [Rs.110 Crores].
