## About Us

Established in the year **2012**, we, '**Zaffy Trading Company**', are engaged in trading, supplying and distributing a wide range of **Industrial Scrap**. Our range comprises **Computer, Television Set, Electric Generator, Furniture, Waste Paper, Metal/Iron, Garments, Electric Panel** and others. Offered scrap is sourced from some of the accredited vendors of the industry. Moreover, it is processed at our well equipped infrastructure in compliance with the set international quality standards and norms. These industrial scrap can be further recycled and reused to make various other kinds of quality products in various industries and sectors. Offered scrap is regarded by the patrons for its optimum malleability, durability and high ductility. We also make sure to deliver these scraps within the stipulated time frame at our customers' end via our wide distribution network.

We house a sound and capacious warehouse, which enables us to store the range of our procured scrap in a well-organized and safe manner. Quality auditors recruited by us check the quality of the procured scrap on varied parameters to gauge its defect free nature for further usage. Moreover, we offer this range at industry leading prices to meet higher levels of customer satisfaction. Owing to the implementation of client-centric approaches and strict adherence to quality, we are enabled in acquiring a wide-spread clientèle in industries like factories, cement plant, fertilizer...
