About Us

Zenith was conceived of as a dream by a young MBA who dared to chart his own path. The young entrepreneur, Anil Singh, launched Zenith in 1995 as a pioneering effort in the field of management entrance preparation, and the scene of action was Kanpur the largest city in the Hindi belt. He later turned Zenith into a corporate entity.

Zenith is, at present, arguably the biggest non franchisee MBA entrance training institute in North India. It has a substantial presence in Kanpur and enjoys about 40% of the market share in terms of enrolment strength.

It remains the only corporatised entity of its kind in the entire area. It has set up its own e-Testing Centre an exclusive computer Lab where students are prepared & trained for on line exams like CAT, GRE, GMAT, MAT etc.
