## About Us

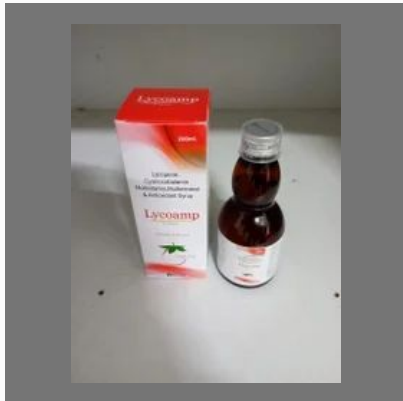

**Zenstar Life Sciences** is basically a **sole proprietorship** based company which was established in **2010** at **Manimajra in Chandigarh, India**. We are the top leading company which is involved in the **trading** of **Pharmaceutical Injection, Pharmaceutical Nasal Drop, Pharmaceutical Tablet** and many more. These products are known for their superior quality and effective results which is possible due to the high grade material and latest technology used in their manufacturing. Also, we are counted amongst the prestigious and trustworthy companies of the industry due to our ethical business practices. We follow the ethics and principles of business on regular basis while performing any business task to satisfy the clients through our fair business deals. Moreover, we are the client centric company and we take care of the changing needs and requirements of our clients while offering these products. **Zenstar Life Sciences** is achieving its target goals and objectives due to the contribution of **Mr. Balinder Gupta**, who is the reputed mentor of our company. Moreover, he is highly experienced and knowledgeable in his respective domain which helps him to give his 100%. His dedication towards his profession and responsibilities also inspire the other employees to work hard and complete the given task on time. We have backed by the advance infrastructural unit which is outfitted with a series of ultra modern machines...
